SUPPLEMENTAL AMENDMENT

Commissioner for Patents  
Washington, D.C. 20231

Sir:

Subsequent to the Preliminary Amendment filed December 21, 2001, Applicant wishes to further amend the application as follows:

In the Specification:

Enclosed please find a substitute Specification per 37 C.F.R. 1.125. The substitute Specification includes no new matter. Also, a mark-up showing the changes is enclosed.

In the Claims:

Please add the following new claims.

13. (New) A device for controlling the brightness of an optical signal overlaid on a specimen image, comprising:  
a main light source configured to illuminate a specimen with a main light source illumination;
